

## NEWS ABOUT THE DURATION OF THE AIRDROPS !!!

Hello V4U Community!!!

We inform you that both the Airdrop Venezuela For You! (done through the Google form for residents of Venezuela) such as the Airdrop II (bot telegram + referrals) (made through the telegram bot for everyone) will end on May 13, 2019 at 12 noon UTC.

Then, during the next two weeks (until May 27) will proceed to verify the data of airdrops participants.

We recommend the biggest diffusion of the project during this time, since that will not only mean that each participant will get more V4U tokens to refer, but that each token will have a greater exchange value at the time of being commercialized and / or traded in the exchanges. OTC.
